SUPERINTENDENTS REPORT

Ms. McGann gave a detailed report on STEM. She shared a 3 page summary, as attached. The Board discussed STEM in the Flemington-Raritan School District and how we are already using STEM in our classes. Ms. McGann noted the 2018-2019 Educators of the Year nominations are due December 5. She stated all parents and staff members have been asked if they know a classroom teacher or educational services professional who is dedicated, inspiring and making a difference. Community members can recommend this individual for the N.J. Governor's Educator of the Year Program. These forms should be returned to the appropriate school's Main Office/Principal by December 5th. Ms. McGann shared the J.P. Case Drama Club's production of "The Enchanted Bookshop" was on Monday evening. She thanked everyone who helped make the night a great success. The fundraiser raised \$740.25.

This money will support restocking the Media Centers at Robert Hunter School and Barley Sheaf School. She noted on December 19th the Flemington-Raritan Education Foundation is holding the school district's Holiday Fun Fair and Basket Auction. The net proceeds from this event will be used to provide educational resources for teachers and students who have been impacted by the recent indoor air quality issues in our schools.

Mr. Bland presented the Enrollment Report, as attached. Dr. Copeland requested the presentation before the meeting next time so that the Board can read and prepare questions. Dr. Copeland suggested additional information regarding staffing in comparison to enrollment. Dr. Copeland requested information of possible redistricting. Ms. McGann stated that we have begun evaluating this information, as Mr. Bart suggested the Board will discuss this again at another meeting. Mr. Bland noted that the Curriculum Committee did review this at the last meeting. Ms. Fallon suggested that we begin looking at the school boundary lines and the effects of housing developments. Ms. Fallon noted that redistricting is not only for population but also to disburse all heterogeneous populations. Mr. Walker noted that the presentation does show developments that will effect Francis A. Desmares. Mr. Bart shared that we do need to start these discussions. Ms. Borucki noted that it is difficult to dictate where builders build. Ms. Fallon shared better communication between the Municipalities (Planning Boards) and school would be helpful. Ms. McGann reiterated enrollment numbers for all schools. Dr. Copeland shared that we could possibly need another elementary school, because of the additional 300 estimated students. Mr. Walker asked if Mr. Bland could produce color coded slides with the maximum capacity of each school and the actual number of students. Ms. Voorhees noted a Functional Education Capacity is based on square footage of floors and it was done years ago in the Long Range Facility Plan. She noted the capacity of a facility is not necessarily educational space. She noted you need to consider the class sizes, programming, heterogeneous placement, because even though there may be costs associated with transportation there may be cost savings with having centers, for example, one school would house a preschool program, another would house an ESL program etc. She stated there are different ways of looking at this with other options without building another school or redistricting. She then said that you can also reconfigure your schools into a K, 1 & 2 and 3, 4, 5, there are a lot of options to look out while moving forward in the next 5 to 10 years that doesn't necessarily dictate a new school. She shared that these items need to be looked at as a bigger picture, not in isolation. The bigger picture always starts with the philosophy of the Community. Ms. Voorhees noted that there needs to be a larger discussion regarding how we want our schools to be configured. Ms. Fallon strongly suggested that all discussions be community orientated.

On the motion of Ms. Borucki, seconded by Mr. Walker, minutes of the Executive Session on November 12, 2018* were approved viva voce.

*Dr. Kenny abstained.

On the motion of Ms. Markowski, seconded by Ms. Abbott, minutes of the Regular Meeting on November 12, 2018* were approved viva voce.

*Dr. Kenny abstained.

Mr. Bart noted that Ms. Abbott will be attending the Finance Committee meeting in Dr. Copeland's absence. Mr. Bart asked Ms. Voorhees to explain what the meeting will be about. Ms. Voorhees noted there is an opportunity to self-insure for health insurance for the district. Dr. Copeland explained each year the Board has the opportunity to go out and research health insurance. Ms. Voorhees reiterated we check the market every year. She added that our insurance broker reaches out through a similar RFP process that we discussed in the past. She said they have changed the perimeters for self-insuring and we are large enough that we could reap the benefits of not having to pay certain taxes and fees. She said this could ultimately save the district a significant amount of money. Ms. Mitcheltree asked what does self-insurance mean. Ms. Voorhees stated instead of us using an insurance company to cover our risk, we would work directly with an insurance company and then have a stop loss mechanism that would be put in place so that our risks are still controlled, but by self-insuring we eliminate certain things in the law that require us to pay fees and taxes in certain areas. Ms. Voorhees stated it does not mean that any of our staff would lose their doctors, their plan or their benefits, everything will stay the same, it's a behind the scenes funding mechanism that I am exploring. She noted we continually lose revenue and increase expenditures. She noted we are always trying to find ways to save. In the past we put in facility use fees and pay to play. This is another option for financing that I am looking at that could save us money with still keeping our program intact. Ms. McGann stated there has been no decision made. She noted we are just exploring and having conversations. She does not want the teachers to be nervous that something is going to change. The staff is not going to lose their doctor, there will not be changes to their health plans. We will meet with the Committee and share the information with the Board through minutes. Mr. Walker asked if this is something that is in place or is it something that came about in 2018. Ms. McGann stated other districts have it. Ms. Voorhees noted there are risk corridors that have changed recently in legislation that makes it more of a palatable option for us to consider. Ms. McGann noted it was the efforts of Ms. Voorhees and the broker to bring this about. Mr. Bart noted the committee will report out to the Board once we have the meeting on the 10th. He appreciates the Finance Committee changing the meeting date.
