Honorable President Yankowski and  
Members of the Board of Education  
Flemington-Raritan Regional School District  
County of Hunterdon, New Jersey

Dear President and Members:

The comprehensive annual financial report of the Flemington-Raritan Regional School District for the fiscal year ending June 30, 2007 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Flemington-Raritan Regional Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the district. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the management's discussion and analysis, the basic financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996, the U.S. Office of Management and Budget Circular A-133 Revised, "Audits of States, Local Governments, and Non-Profit Organizations", and the State OMB Treasury Circular Letter 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments". Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, is included in the single audit section of this report.

## 1) REPORTING ENTITY AND ITS SERVICES:

The Flemington-Raritan Regional School District is an independent reporting entity within the criteria adopted by the GASB as established by GASB Statement No. 14. All funds and account groups of the District are included in this report. The Flemington-Raritan Regional Board of Education and all its schools constitute the District's reporting entity.

The Flemington-Raritan Regional School District serves Flemington Borough and Raritan Township children providing a full range of educational services appropriate to grades K through 8. These include regular as well as special education for handicapped youngsters. Four elementary schools (Barley Sheaf, Copper Hill, Francis A. Desmares and Robert Hunter) house grades kindergarten through four. The Reading-Fleming Intermediate School houses grades five and six, and J.P. Case School houses grades seven and eight.

The District completed the 2006-2007 fiscal year with an enrollment of 3,579 students.

The following table presents the actual historical pupil enrollment, as of October 15, for the school years 1997-1998 through 2006-2007.

<u>School Year</u>	Enrollment	<u>Percent Change</u>
	As of <u>October 15</u>	
1997-98	3,223	2.97%
1998-99	3,335	3.48%
1999-00	3,396	1.83%
2000-01	3,440	1.30%
2001-02	3,452	0.35%
2002-03	3,516	1.85%
2003-04	3,552	1.01%
2004-05	3,569	.48%
2005-06	3,576	.20%
2006-07	3,592	.45%

## 2) ECONOMIC CONDITION AND OUTLOOK:

The Raritan Township section of the Flemington-Raritan Regional School District is experiencing a period of residential development due to current economic conditions. The Planning Board has approved an additional 127 single-family homes. These homes are scheduled for completion between 2008 and 2010. This new housing inventory, together with resales, indicates that the school district will continue to grow.

The Flemington Borough section of the Flemington-Raritan Regional School District is expecting little development in the foreseeable future. Because of limited open space, the Borough is not expected to grow significantly and the tax base is expected to remain relatively level.

### 3) MAJOR INITIATIVES:

The Board continued its commitment to the goals developed for the 2006-2007 school year through the strategic planning process:

- The district successfully addressed issues arising from the mid-year opening of the J.P. Case Middle School and resulting district reconfiguration during the 2005-2006 school year. A variety of feedback mechanisms, most notably surveys completed by parents and teachers and two community forums allowed the district to identify concerns. The Board's new Communication Committee coordinated the gathering of survey data, and the Superintendent oversaw the development of appropriate action plans.
- Consistent with our Board approved Technology Plan, teachers at Copper Hill and Robert Hunter were given an opportunity to have their own laptop computers. In addition, all teachers were given two half-days of training in the proper use of their laptop as an instructional and work-productivity tool.

During the 2006-2007 school year, the district continued to ensure that district teachers met and exceeded the federal definition of "highly qualified" through a thorough recruitment and induction process, as well as high quality and sustained professional development aimed at improving teachers subject area knowledge, their knowledge of effective instructional strategies, and their ability to use both formative and summative assessments to inform instruction.

- The district continues to meet the requirement that all teachers be "highly qualified" in the grade level/subject areas that they are teaching.
- District staff was offered a wide variety of staff development opportunities during the summer of 2006. Workshops in the areas of Writing Across the Curriculum, Responsive Classroom practices, Cooperative Learning structures, Instructional Theory into Practice, Word Study training, Effective Strategies for Teaching Math, Using Developmental Reading Assessments (DRA) Materials to Facilitate Guided Reading, Using Dynamic Indicators of Basic Early Literacy (DIBELS) to foster Reading Skills, and How the Brain Learns were among the quality offerings provided to all teachers.
- The district continued its commitment to a thorough induction process for all teachers hired within the past two years by offering specialized workshops for new teachers. These included New Teacher Writing, New Teacher Reading, New Teacher Science, New Teacher Math, as well as district and building level orientations for our newest teachers.

- The district also supported its novice teachers through the development and implementation of our District Mentoring Program. With the support of outside consultants, master teachers, and building administration, teachers new to the profession (and when appropriate, their mentors) were provided two all day workshops as well as a series of after school workshops throughout their first year. In addition, the district assigned and fully funded the compensation of all state-mandated mentors.
- The Local Professional Development Plan outlined training needs as identified through a teacher survey, informal discussions with district and building level administration, and a review of test data. Two full day, two 3-hour, and nine 90-minute meetings were used to provide the professional development necessary to meet Board goals for instructional improvement.
- The district also continues its strong commitment to fostering teachers' use of technology as an instructional and communication tool. Technology workshops offered during the summer of 2006 included the use of the Microsoft Office Suite (FrontPage, Word, Excel, PowerPoint) for both the Macintosh and Windows platform, Digital Video and Digital Audio, Using Internet Webquests, United Streaming, Inspiration, Kidspiration, Entourage E-mail Training for the Mac, and Introduction to Mac OSX.

The district also met the goals of the Board of Education's Five- Year Curriculum Revision Plan. The plan requires that each curriculum area undergo a thorough Needs Assessment every five years. The results of the Needs Assessment may include revisions to the district-approved curriculum and/or the adoption of new materials to facilitate the teaching of the curriculum. During the 2006-2007 school year, a variety of related projects were undertaken by the district:

- The implementation of the Dynamic Indicators of Basic Early Literacy (DIBELS) program in Grades K-1
- The implementation Developmental Reading Assessments (DRA) in Grades 1-2
- The implementation of new science materials in Grades 6-8
- The implementation of a new Spanish text and materials in Grades 7-8
- The development and implementation of the Basic Math Fact Weekly Assessment program for Grades K-5
- The development and implementation of a mid-year Math Assessments for Grades K-5.
- In addition, Committees met throughout the year and submitted recommendations approved by Board of Education to adopt the following:
  - A new K-4 Science text and materials
  - A new 6-8 Language Arts text and supplemental materials
  - A new K-4 General Music textbook, Audio materials, and other supplemental materials.

The district also continues to effectively plan and manage funds provided through grants to further the goals of professional development for teachers and educational services to students.

- Flemington-Raritan Regional Schools continued to participate in the federal grant program, "Teaching American History Grant (TOOL)" along with a consortium of 14 districts.
- With the use of NCLB Title I funds, the district provided for the first-time an after school targeted-assistance program for struggling students in Grades 5-8. In addition, a new program and materials was implemented at the Francis A. Desmares School providing supplemental assistance to eligible students.
- With the use of NCLB Title III funds, the district continued to provide a summer program for Limited English Proficient students during the summer of 2006. In addition, the district hosted a Bilingual Parent Night with translators and babysitting services. Parents were provided information about the school program, assistance completing paperwork, and information regarding other community resources of use, particularly to the Hispanic community of Hunterdon County.

Other on-going district programs were maintained and/or expanded during the 2006-2007 school year. These programs include the following:

- The district maintains its commitment to maintaining reasonable class sizes at all grade levels.
- The Reading Recovery program in Grade 1 was continued.
- The Student Support Math and Language Arts programs in Grades K-8 were expanded to meet increases in eligible student enrollment.
- The G&T Math program was sustained with growth in the number of students qualifying for inclusion.
- The G&T General program was sustained with growth in the number of eligible students in grades 3-8.
- The School Counseling program was maintained
- The ESL program was expanded to meet increases in student enrollment. A 1.0 FTE teacher position was added. The High-Intensity ESL program continued at the Francis A. Desmares Elementary School, Reading Fleming Intermediate School, and the J.P. Case Middle School, as approved through the submission of the Bilingual Waiver application.

#### 4) INTERNAL ACCOUNTING CONTROLS:

Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse; and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally-accepted accounting principles (GAAP).

The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal awards and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal awards and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5) BUDGETARY CONTROLS:

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipalities. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2007.

6) ACCOUNTING SYSTEM AND REPORTS:

The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.

7) CASH MANAGEMENT:

The investment policy of the District is guided in large part by the state statute as detailed in "Notes to the Financial Statements", Note 2. The District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires

governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

Based on the opinion of the Attorney General for the State of New Jersey, the district also invests in the MBIA-Cooperative Liquid Assets Securities System (CLASS) and the New Jersey Asset & Rebate Management public investment programs.

8) RISK MANAGEMENT:

The Board carries various forms of insurance, including but not limited to, general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds. A chart detailing the district insurance coverages and applicable limits is included in the statistical section.

9) OTHER INFORMATION:

Independent Audit -

State statutes require an annual audit by independent certified public accountants or registered municipal accountants.

The Board's finance committee selected the accounting firm of Suplee, Clooney & Company to conduct the annual audit. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act Amendments of 1996, the related OMB Circular A-133 Revised and State OMB Treasury Circular Letter 04-04. The auditor's report on the basic financial statements, combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

10) ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Flemington-Raritan Regional Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. In addition, the preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully Submitted,

  
Jack Farr, Ed.D.  
Superintendent

## Flemington-Raritan Regional School District **MISSION STATEMENT**

We, the Flemington-Raritan Regional School District, a caring and proactive district, in partnership with the community, provide each student with:

- A sound educational foundation,
- The guidance to strive for his/her full potential, and
- The inspiration to become a lifelong learner and a responsible, productive citizen in an ever-changing global society.

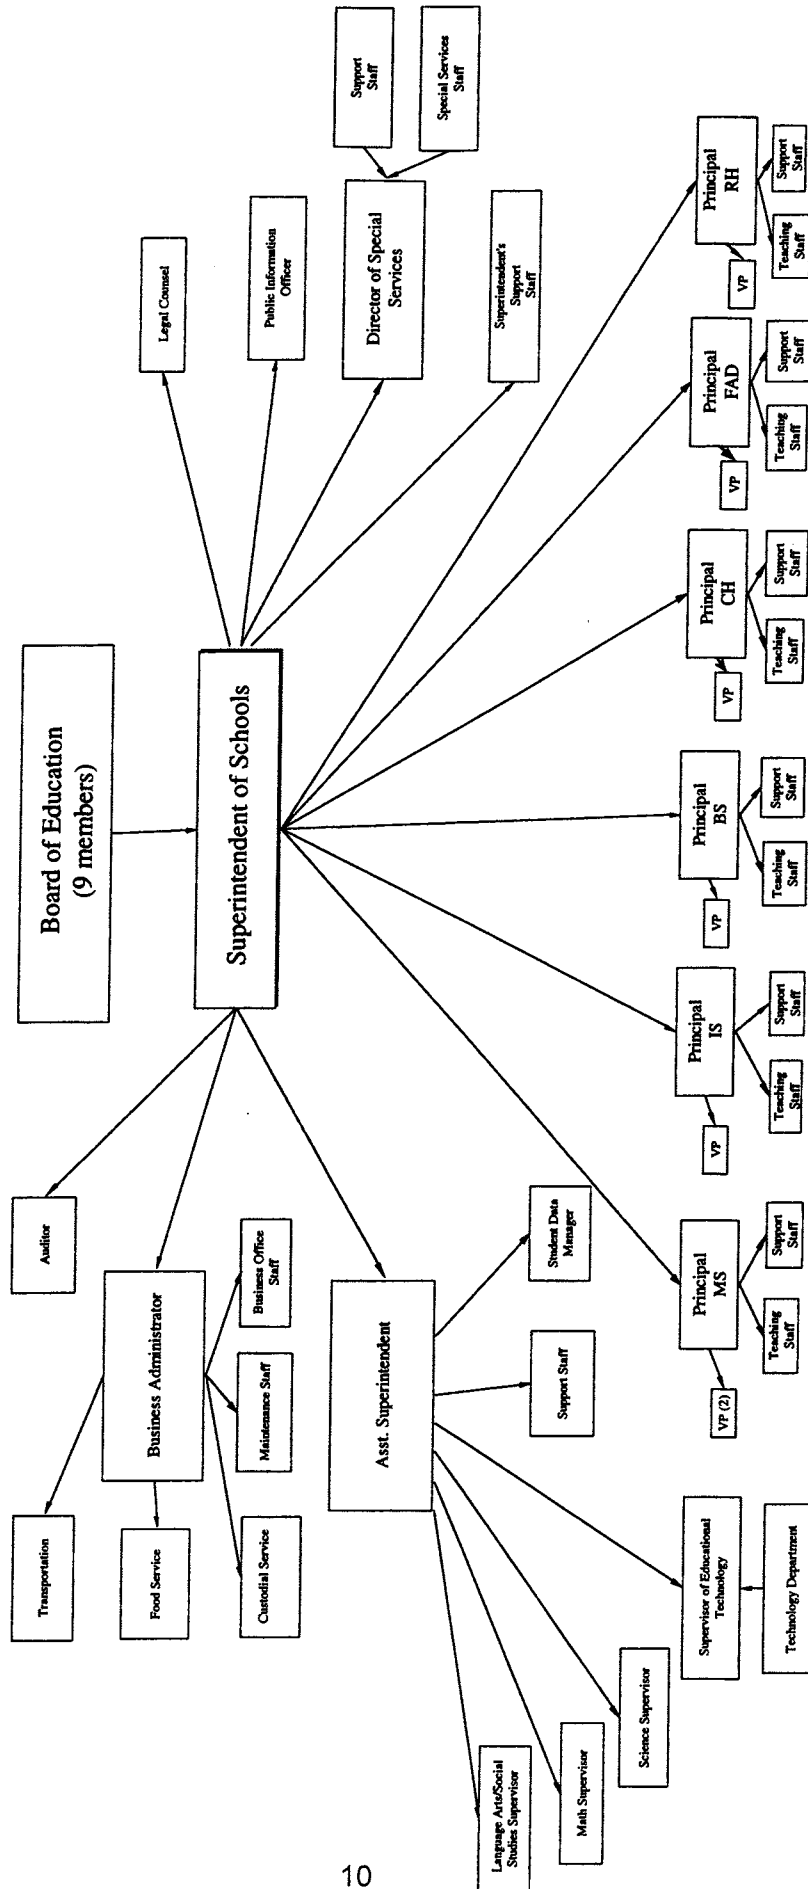

# BELIEF STATEMENTS

We believe that:

- To meet children's needs, we must structure a positive, nurturing, academically challenging educational environment which fosters self-esteem and provides opportunities for all children to learn at their appropriate development level.
- To function of the school is to help all children acquire the knowledge and skills necessary to become problem-solvers, capable and creative thinkers, productive team members, effective communicators and decision makers, and to develop positive interpersonal relationships.
- Children learn best in a school community that is challenged by high expectations.
- Professional growth, development, recognition, and nurturing of our staff are integral parts of a successful educational program.
- Information resources are critical to the education of our children, and current and future technologies should be integrated to access those resources.
- The school community has a commitment to constantly identify and address changing social and educational paradigms in order to best educate and prepare children for the future.
- The school system must provide the best possible educational program in a fiscally responsible manner.
- Parental support and involvement fosters successful learning experiences.
- Learning is a lifelong process.
- All children are unique individuals with a variety of learning styles, needs, and talents which must be addressed if they are to reach their fullest potential.
- Safe and appropriately equipped educational facilities are essential for a quality educational program.

## INDEPENDENT AUDITOR'S REPORT

Honorable President and Members  
of the Board of Education  
Flemington-Raritan Regional School District  
County of Hunterdon  
Flemington, New Jersey 08822

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Flemington-Raritan Regional School District, County of Hunterdon, New Jersey as of and for the year ended June 30, 2007, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, audit requirements prescribed by the Division of Finance, Department of Education, State of New Jersey and the provisions of U. S. Office of Management and Budget (OMB) Circular A-133 "Audits of State, Local Governments and Non-Profit Organizations" and State of New Jersey OMB Circular 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid." Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the Flemington-Raritan Regional Borough School District, County of Hunterdon, New Jersey as of June 30, 2007, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

## SUPLEE, CLOONEY & COMPANY

In accordance with Government Auditing Standards, we have also issued our report dated October 8, 2007 on our consideration of the Flemington-Raritan Regional School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grants and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

The Management's Discussion and Analysis and the required supplementary information, as listed in the foregoing table of contents, respectively, are not a required part of the basic financial statements but are supplementary information required by the U.S. generally accepted accounting principles. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Flemington-Raritan Regional School District's basic financial statements. The introductory section, combining and individual fund schedules and statements, other schedules, statistical tables and the schedules of expenditures of federal awards and state financial assistance as listed in the table of contents are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations"; New Jersey OMB's Circular 04-04 "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid" and State of New Jersey, Department of Education, Division of Finance and are not a required part of the basic financial statements of the Flemington-Raritan Regional School District, County of Hunterdon, New Jersey. Such information, except for the introductory section and that portion marked unaudited on which we express no opinion, has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

FLEMINGTON-RARITAN REGIONAL SCHOOL DISTRICT  
FLEMINGTON, NEW JERSEY

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2007  
UNAUDITED

The discussion and analysis of Flemington-Raritan Regional School District's (FRSD) financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2007. The intent of this discussion and analysis is to look at the School District's financial performance as a whole. Readers should also review the basic financial statements and notes to enhance their understanding of the District's financial performance.

The Management's Discussion and Analysis (MD&A) is an element of Required Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34 -*Basic Financial Statements and Management's Discussion and Analysis of State and Local Governments* issued in June 1999. Certain comparative information between the current year (2006-2007) and the prior year (2005-2006) is required to be presented in the MD&A.

**Financial Highlights**

Key financial highlights for 2007 are as follows:

- In total, net assets increased \$395,081 which represents a 3.98 percent increase from 2006
- General revenues accounted for \$50,025,358 or 89 percent of all revenues. Program specific revenues in the form of charges for service and operating grants and contributions accounted for \$6,419,051 or 11 percent of total revenues of \$56,468,541.
- The School District had \$56,073,460 in expenses; only \$6,419,051 of these expenses was offset by program specific charges for services, grants or contributions. General revenues (primarily local tax levy and tuition) of \$50,049,490 were adequate to provide for these programs.
- Among governmental funds, the General Fund had \$49,822,020 in revenues and \$49,345,652 in expenditures. The General Fund's fund balance increased by \$476,368 from 2006.

**Using this Comprehensive Annual Financial Report (CAFR)**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand FRSD as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *Statement of Net Assets and Statement of Activities* provides information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other non-major funds presented in total in one column. In the case of FRSD, the General Fund is by far the most significant fund.

**Reporting the School District as a Whole**

**Statement of Net Assets and the Statement of Activities**

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during the fiscal year?" The Statement of Net Assets and the Statement of Activities answers this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting recognizes all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the School District as a whole, whether the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Assets and the Statement of Activities, the School is divided into two distinct kinds of activities:

- Government activities – All of the School District's programs and services are reported here including instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- Business-Type Activity – This service is provided on a charge for goods or services basis to recover all the expenses of the goods or services provided. The Food Service enterprise funds are reported as business activities.

**Reporting the School District's Most Significant Funds**

**Fund Financial Statements**

Fund Financial Statements provide detailed information about the District's funds. The District uses many funds to account for a multitude of financial transactions. The District's governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund.

**Governmental Funds**

The District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

**Enterprise Fund**

The enterprise fund uses the same basis of accounting as business-type activities; therefore these statements are essentially the same.

**The School District as a Whole**

Recall that the Statement of Net Assets provides the perspective of the School District as a whole.

**Government Activities**

The unique nature of Local property taxes in New Jersey creates the legal requirement to annually seek the approval of the registered voters of both of the constituent municipalities for the School District operations. Local property taxes made up 76 percent of revenues for governmental activities for the FRSD for fiscal year 2007. The District's total governmental revenues were \$55,461,069 for the year ended June 30, 2007. Federal and state grants and aid accounted for \$12,164,415 or 22 percent of revenue. Miscellaneous revenues in the form of charges for service and other sources accounted for 2 percent of total revenue.

**Business-Type Activities**

Revenues for the District's business-type activities were comprised of charges for services. These services include but are not limited to Food Services. Following are some of our major business-type activity results.

Overall business-type revenues exceeded expenditures by \$50,597.

- Charges for services total \$810,539 of revenue. This represents amounts paid by individuals for various program services.
- Federal and state reimbursement for meals, including payments for free and reduced lunches and donated commodities was \$172,801.

**Governmental Activities**

The Statement of Activities shows the cost of program services and the changes for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions. Comparisons to 2006 have been provided.

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration, and business include expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities include expenses associated with the upkeep of the physical plant, utilities, and property/liability insurance coverage.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by State law.

Interest on debt involves the transactions associated with the payment of interest and other related charges to debt of the School District.

**The School District's Funds**

All governmental funds (i.e., general fund, special revenue fund and debt service fund presented in the fund-based statements) are accounted for using the modified accrual basis of accounting. Total revenues amounted to \$56,261,069 and expenditures were \$55,085,929.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds for the fiscal year ended June 30, 2007, and the amount and percentage of increase and decrease in relation to prior year revenues.

### General Fund Budgeting Highlights

The School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on the basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

Over the course of the year, revisions were made by the District to the annual operating budget. Revisions in the budget were made to recognize revenues that were not anticipated and to prevent overexpenditures in specific line item accounts. In addition, the following revision is noteworthy:

- TPAF, which is the state's contribution to the pension fund, is neither a revenue item nor an expenditure item to the District but is required to be reflected in the financial statements.

### Capital Assets

At the end of the fiscal year 2007, the School District had \$57,958,739 invested in land, building, machinery and equipment. Table 4 shows fiscal year 2007 balances compared to 2006.

**For the Future**

The Flemington-Raritan Regional School District, encompassing 38 square miles, is a community of children and adults living, learning, and working together. In addition to fostering students' intellectual growth, we focus on enhancing their self-esteem and developing strong personal character.

The many programs we offer, in and beyond the classroom, provide opportunities for children to explore new interests, gain self-confidence, socialize, and learn from one another. Coupled with an outstanding instructional program, these stimulating experiences support and nurture the total child. Our commitment to staff development, high-quality instructional programs, enrichment activities, and enhancing student self-esteem support our philosophy of educational excellence. Our mission statement supports these endeavors:

*The Flemington-Raritan Regional Schools, a caring and proactive district, in partnership with the community, provide each student with an opportunity for: a sound educational foundation; the guidance to strive for his/her full potential; and the inspiration to become a lifelong learner and productive citizen in an ever-changing global society.*

We actively involve the community in our schools. Classroom volunteers, advisory study groups, guest speakers, and active Parent-Teacher Organizations significantly elevate the level of educational experiences we provide for our students. The Parent Technology Committee offers basic computer courses for adults and an after-school educational program for all children in the community.

The District's four elementary schools with 1,542 students, offer students in grades K-4 a comprehensive educational program emphasizing process instruction techniques, cooperative learning, and integration of subject content areas. The K-2 program uses a balanced literacy approach to reading while math and science are taught through hands-on experiences. In heterogeneous classes, these students also study social studies and use computers. The 3-4 program includes literature-based reading, process writing, hands-on math and science, social studies and computers, all taught in heterogeneous classes. Teachers develop themes to integrate content areas wherever possible. Related arts instruction includes art, music, computer education, library skills, physical education, health and family life and world languages. The elementary schools each have their own principal, vice principal, guidance counselor, nurse, and media specialist.

Reading-Fleming Intermediate School, supports 812 5<sup>th</sup> and 6<sup>th</sup> grade students. The fifth grade program includes literature-based reading, process writing, hands-on math and science, social studies and computers, all taught in heterogeneous classes. Teachers develop themes to integrate content areas wherever possible. Related arts instruction includes art, music, computer education, library skills, physical education, health and family life and world languages. The sixth grade is organized as a house plan with academic teams. This supports the small school atmosphere while providing various course options. Each team of students is taught the academic subjects by a corresponding team of teachers who meet regularly to monitor student progress and plan instructional programs. Academic subjects include reading, language arts, math, science, and social studies. An expanded related arts curriculum includes instruction in world languages, art, music, computer education, library skills, physical education, and health and family life. The intermediate school houses a principal, vice principal, two counselors, and a full-time nurse.

J.P. Case Middle School, with 834 students, was opened in January 2006. It is organized as a house plan with academic teams at each grade level. This supports the small school atmosphere while providing various course options. Each team of students is taught the academic subjects by a corresponding team of teachers who meet regularly to monitor student progress and plan instructional programs. Academic subjects include reading, language arts, math, science, and social studies. An expanded related arts curriculum includes instruction in world languages, home economics, art, music, computer education, library skills, physical education, and health and family life. The middle school houses a principal, two vice principals, two counselors and one and a half nurses.

An innovative district technology plan enhances our instructional program, facilitates and promotes independent and cooperative learning, provides relevance to students' lives and futures, and increases the probability of effective use of learned material. Our technology program extends beyond the classroom and traditional school day and prepares technologically literate students, staff, and parents.

The district provides a full range of special education programs and services. Multiply Disabled, Learning/Language Disabilities, Autism and Preschool Disabilities self-contained classes can be found throughout the district. Resource Center programs at each school offer in-class support as well as out-of-class instruction. In addition, related services of speech and occupational and physical therapy are provided to students requiring them.

The Board of Education supports an exemplary staff development plan, including a mentoring program for pre-tenured teachers and administrators. New staff members are also required to attend two days of new teacher orientation and, depending on classroom experience, up to five days of additional training. A series of after-school workshops by district staff are offered throughout the first year of teaching. The Board of Education routinely budgets in excess of \$300,000.00 for summer staff development classes and curriculum development projects. The collective bargaining agreement with the Flemington-Raritan Education Association (FREA) also provides for required attendance at three full-day staff development programs, two half-day programs and eight 90-minute meetings. Our teachers average ten years of experience in the district, while the administrators average five years.

The Board of Education and the Flemington-Raritan Education Association have reached a tentative agreement and upon the ratification of both parties the contract will be extended through 2010.

**Contacting the School District's Financial Management Office**

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2007

Total net change in fund balances - governmental funds (from B-2)	(353,616.18)
---	--------------

Amounts reported for governmental activities in the statement of activities (A-2) are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period

Depreciation expense	(2,175,284.63)	
Disposition of capital assets, net of accumulated depreciation	(956,052.42)	
Capital outlays	1,188,262.86	(1,943,074.19)

Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities.	2,410,000.00
---	--------------

In the statement of activities, interest on long-term debt is accrued, regardless of when due. In governmental funds, interest is reported when due. The accrued interest is an addition in the reconciliation.	91,353.65
---	-----------

In the statement of activities, certain expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).	139,820.29
---	------------

Change in net assets of governmental activities	344,483.57

**Flemington-Raritan Regional School District**  
**Notes to the Financial Statements**  
**June 30, 2007**

**NOTE 1:      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Flemington-Raritan Regional School District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The Governmental Accounting Standards Board (GASB) unanimously approved Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments (Statement No. 34). This Statement provides for significant changes in financial reporting and was first implemented by the district for the fiscal year ending June 30, 2003. In addition, the School District has implemented GASB Statement No. 37, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments: Omnibus and Statement No. 38, Certain Financial Statement Note Disclosures. The more significant of the Board's accounting policies are described below.

**Reporting Entity**

The Flemington-Raritan Regional school District is a Type II District located in Hunterdon County, New Jersey. The School District is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board of Education of the Flemington-Raritan Regional School District consists of elected officials. These officials are responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District. The primary criterion for including activities within the District's reporting entity, are set forth in Statement No. 14 of the Governmental Accounting Standards Board entitled "The Financial Reporting Entity" (GASB 14) as codified in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards. Under GASB Statement 14 the Financial Reporting Entity is determined by the degree of oversight responsibility maintained by the District. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The financial statements include all funds of the District over which the board exercises operating control. The operations of the District include the four elementary schools, an intermediate school (Grades 5-6) and a middle school (Grades 7-8). There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the district is not includable in any other reporting entity on the basis of such criteria.

**Notes to the Financial Statements**  
**June 30, 2007**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Basis of Presentation, Basis of Accounting**

The District's basic financial statements consist of district-wide statements, including a Statement of Net Assets and a Statement of Activities, and fund financial statements which provide a more detailed level of financial information.

**Basis of Presentation**

District-wide Statements: The Statement of Net Assets and the Statement of Activities display information about the District as a whole. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish generally between the governmental and business-type activity of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Net Assets presents the financial condition of the governmental and business-type activity of the District at fiscal year end. The Statement of Activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirement of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as generally revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the District.

Fund Financial Statements: During the fiscal year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category governmental, proprietary, and fiduciary are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

**Flemington-Raritan Regional School District**  
**Notes to the Financial Statements**  
**June 30, 2007**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Governmental Funds**

**General Fund** The general fund is the general operating fund of the District and is used to account for all expendable financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the capital outlay sub-fund.

As required by the New Jersey Statement Department of Education, the District includes budgeted capital outlay in this fund. U.S. Generally Accepted Accounting Principles as they pertain to governmental entities state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues. Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes, and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expenses by Board resolution.

**Special Revenue Fund** The special revenue fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, debt service or the enterprise funds and local appropriations that are legally restricted to expenditures for specified purposes.

**Capital Projects Fund** The capital projects fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

**Debt Service Fund** The debt service fund is used to account for the accumulation of resources for, and payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

**Flemington-Raritan Regional School District**  
**Notes to the Financial Statements**  
**June 30, 2007**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Proprietary Funds**

**Enterprise Fund** The enterprise fund accounts for all revenues and expenses pertaining to the District's Food Service program operations. These funds are utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (*i.e.* expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

**Fiduciary Funds**

**Agency Funds** The agency funds are used to account for assets held by the District on behalf of outside parties, including other governments, or on behalf of other funds within the District. The agency funds included are as follows:

**Payroll and Student Activities Funds** These are agency funds used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

**Unemployment Insurance Trust Funds** A trust fund used to account for unemployment compensation claims as they arise.

**Basis of Accounting Measurement Focus**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

District-wide, Proprietary, and Fiduciary Fund Financial Statements: The District-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year.

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Budgets/Budgetary Control (Continued)**

Appropriations, except remaining project appropriations, encumbrances, and unexpended grant appropriations, lapse at the end of each fiscal year. The capital projects fund presents the remaining project appropriations compared to current year expenditures.

Formal budgetary integration into the accounting system is employed as a management control device during the fiscal year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles (GAAP) with the exception of the legally mandated revenue recognition of the last State Aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognized encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial records.

**Encumbrance Accounting**

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditures of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue and capital project funds for which the District has received advances are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Interfunds**

Interfund receivables and payables arise from transactions between particular funds and are considered short term in duration. The interfund transactions are recorded by all funds affected in the period in which the transactions are executed and are part of the district's available spendable resources.

**Inventories and Prepaid Expenses**

Inventories of materials and supplies held for consumption in the governmental funds are recorded as expenditures at the time of purchase and year end balances are not reported in the financial statements.

Inventories of food and/or supplies in the food service fund are recorded at cost on a first-in, first-out basis or, in the case of Food Distribution Commodities, at stated value which approximates market.

Prepaid expenses which benefit future periods, other than those recorded in the enterprise fund, are recorded as an expenditure in the year of purchase.

**Capital Assets**

The District has an established formal system of accounting for its capital assets. Purchased or constructed capital assets are reported at cost. Donated capital assets are valued at their estimated fair market value on the date received. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are depreciated in the district-wide statements using the straight-line method over the following estimated useful lives:

<b><u>Asset Class</u></b>	<b><u>Estimated Useful Lives</u></b>
School Buildings	50
Building Improvements	20
Electrical/Plumbing	30
Vehicles	8
Office & computer equipment	10
Instructional equipment	10
Grounds equipment	15

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Compensated Absences**

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences." A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

**Sick Leave:**

District employees earn sick leave annually, have the ability to accumulate unused time and are able to receive payment for unused sick time upon retirement or death as per the following:

Administrators - Administrators earn 15 sick days each school year, are able to accumulate unused days with no maximum limit and upon separation from employment from the district an administrator who has attained tenure and who retires under the provisions of the Teachers' Pension and Annuity Fund is entitled to compensation of \$75.00 per day for a maximum of 200 days. Termination of employment for other than retirement will be paid at the rate of \$30.00 per day for a maximum of 200 days.

Teachers - Teachers earn 12 sick days each school year and are able to accumulate unused days with no maximum limit. Upon retirement from the district a teacher, who has taught 10 years, accumulates a minimum of 60 days, and who retires under the provisions of the Teachers' Pension and Annuity Fund or in the event of death before retirement will receive reimbursement at a scaled rate based on the total sick days accumulated.

Secretaries/Teachers Assistants/Cafeteria Aides/Library Clerks - Secretaries earn 12 sick days each school year (teachers assistants, cafeteria aides and library clerks earn 10 days), are able to accumulate unused days with no maximum limit and upon retirement from the district. A secretary with at least 5 years of service in the district, accumulates a minimum of 60 days (45 days for teacher assistants, cafeteria aides and library clerks), and who retires under the provisions of the Public Employees' Retirement System or in the event of death before retirement will receive reimbursement at a scaled rate based on the total sick days accumulated.

**Compensated Absences (Continued)**

Maintenance Employees - Maintenance Employees earn 12 sick days each school year, are able to accumulate unused days with no maximum limit, and upon retirement from the district. A maintenance employee with at least 5 years of service in the district, accumulates a minimum of 60 days, and who retires under the provisions of the Public Employees' Retirement System or in the event of death before retirement will receive reimbursement at a scaled rate based on the total sick days accumulated.

Vacation Leave:

District employees earn vacation annually, have the ability of limited accumulation and are able to receive payment upon separation of services as per the following:

Administrators - Administrators earn 20 vacation days each school year, are able to carryover up to 10 days and are compensated for unused vacation days earned or accumulated when they leave employment.

Secretaries - Secretaries earn vacation days according to the number of years of continuous services. A maximum of 5 days may be carried over to the next school year, and are reimbursed at their per diem rate.

Maintenance Employees - Maintenance Employees earn vacation days according to the number of years of continuous service. A maximum of 5 days may be carried over to the next school year, and are reimbursed at their per diem rate.

The liability for compensated absences was accrued using the termination payment method, whereby the liability is calculated based on the amount of sick leave and vacation days that are expected to become eligible for payment upon termination. The District estimates its accrued compensated absences liability based on the accumulated sick and vacation days at the balance sheet date by those employees who are currently eligible to receive termination payments.

For the District-wide Statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the Fund Financial Statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Deferred Revenue**

Deferred revenue in the special revenue and capital projects funds represents funds which have been received but not yet earned. A corresponding accounts receivable has also been established for any open encumbrances at year end which is an allowable under generally accepted accounting principles.

**Accrued Liabilities and Long-term Obligations**

All payables, accrued liabilities, and long-term obligations are reported on the District-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

**Net Assets**

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

**Fund Balance Reserves**

The District reserves those portions of fund balance which are legally segregated for a specific future use of which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which is available for appropriation in future periods. A fund balance reserve has been established for encumbrances and excess surplus in accordance with N.J.S.A. 18:F7.

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Revenues Exchange and Non-exchange Transactions**

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means within sixty days of the fiscal year end.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the period in which the income is earned. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at fiscal year end: property taxes available as an advance, interest, and tuition.

**Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the District, these revenues are sales in the Enterprise Funds. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the enterprise fund.

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Allocation of Indirect Expenses**

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of the program. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities.

**Extraordinary and Special Items**

Extraordinary items are transactions or events that are unusual in nature and infrequent of occurrence. Special items are transactions or events that are within control of management and are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during the fiscal year.

**NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS**

The Board considers petty cash, change funds, cash in banks, deposits in the New Jersey Cash Management Fund, deposits in the New Jersey Asset and Rebate Management Program and short term investments with original maturities of three months or less as cash and cash equivalents. Investments are stated at cost, which approximates market.

The Board has entered into a Joint Investment Program with other New Jersey School Districts known as CLASS, or Cooperative Liquid Assets Securities System, whereby District investments are pooled with those of other participants to make investments which consist solely of those allowed under New Jersey statutes, as listed below. The District classifies its investment in CLASS as a cash equivalent as all balances are available for withdrawal daily.

**NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)**

**Deposits**

New Jersey statutes permit the deposit of public funds in public depositories which are located in New Jersey and which meet the requirements of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a savings bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statutes also require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. All collateral must be deposited with the Federal Reserve Bank or a Banking Institution that is a member of the Federal Reserve System, and has capital funds of not less than \$25,000,000.00. Under (GUDPA), if a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of the deposits to the governmental unit.

**Investments**

The purchase of investments by the Board is strictly limited by the express authority of the N.J.S.A. 18A:20-37 Education, Administration of School Districts. Permitted investments include any of the following type of securities:

1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
2. Government money market mutual funds which are purchased from an investment company or investment trust which is registered with the Securities and Exchange Commission under the "Investment Company Act of 1940," 15 U.S.C. 80a1 et seq., and operated in accordance with 17 C.F.R. § 270.2a7 and which portfolio is limited to U.S. Government securities that meet the definition of an eligible security pursuant to 17 C.F.R. § 270.2a7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 18A:2037. These funds are also required to be rated by a nationally recognized statistical rating organization.

3. Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
4. Bonds or other obligations of the Local Unit or bonds or other obligations of school districts of which the Local Unit is a part or within which the school district is located.
5. Bonds or other obligations, having a maturity date not more than 397 days from date of purchase, approved by the Division of Investment of the Department of Treasury for investment by School Districts;
6. Local government investment pools that are fully invested in U.S. Government securities that meet the definition of eligible security pursuant to 17 C.F.R. § 270a7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 18A:2037. This type of investment is also required to be rated in the highest category by a nationally recognized statistical rating organization.
7. Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 C. 52:18A-90.4); or
8. Agreements for the repurchase of fully collateralized securities if:
  - a. the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection;
  - b. the custody of collateral is transferred to a third party;
  - c. the maturity of the agreement is not more than 30 days;
  - d. the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 C. 17:1941); and
  - e. a master repurchase agreement providing for the custody and security of collateral is executed.

**Investments (Continued)**

As of June 30, 2007, cash and cash equivalents of the District consisted of the following:

	Cash and Cash <u>Equivalent</u>
Checking Accounts	\$3,981,893.34
N.J. Cash Management	617,343.34
CLASS Accounts	968,284.07
	<u>\$5,567,520.75</u>

The District's cash deposits at June 30, 2007 were entirely covered by the Federal Deposit Insurance Corporation (F.D.I.C.) or by the pledged collateral pool maintained by the banks as required by New Jersey statutes.

All bank deposits and investments as of the balance sheet date are classified as to credit risk by the following three categories described below:

**Category 1** are deposits covered by federal depository insurance, or by collateral held by the District or its agent, in the District's name.

**Category 2** are deposits covered by collateral held by the pledging financial institution's trust department, or by its agent, in the District's name.

**Category 3** are deposits covered by collateral, held by the pledging financial institution, or its trust department, or its agent but not in the District's name.

At June 30, 2007 \$3,981,893.34 of the District deposits are classified as Category 1 and are covered by FDIC or NJGUDPA (N.J.S.A. 17:19-41), all other deposits of \$1,585,627.41 are classified as Category 3.

**NOTE 4: LONG-TERM DEBT**

Bonds are issued by the District pursuant to the provisions of Title 18A, Education, of the New Jersey Statutes and are required to be approved by the voters of the municipality through referendum. The proceeds of bonds are recorded in the Capital Projects Fund and are restricted to the use for which they were approved in the bond referendum. All bonds are retired in annual installments within the statutory period of usefulness.

School Bonds issued by the District are entitled to and benefit from the provision of the New Jersey School Board Reserve Act P.L. 1980 c.72. Basically, funds are held by the State of New Jersey within its State Fund for the Support of Free Public Schools as a school bond reserve pledged by law to secure payment of principal and interest due on such bonds in the event of the inability of the issuer to make payments.

**NOTE 5:     PENSION PLANS**

**Description of Plans** All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

**Teachers' Pension and Annuity Fund (TPAF)** The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

**Public Employees' Retirement System (PERS)** The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provision of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state administered retirement system or other state or local jurisdiction.

**NOTE 5: PENSION PLANS (CONTINUED)**

**Vesting and Benefit Provisions** The vesting and benefit provisions of PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

**Significant Legislation** During the year ended June 30, 1997, legislation was enacted (Chapter 114, P.L. 1997) authorizing the New Jersey Economic Development Authority to issue bonds, notes or other obligations for the purpose of financing, in full or in part, the State of New Jersey's portion of the unfunded accrued liability under the State of New Jersey retirement systems. Additional legislation enacted during the year ended June 30, 1997 (Chapter 115, P.L. 1997) changed the asset valuation method from market related value to full market value. This legislation also contained a provision to reduce the employee contribution rate by ½ of 1% to 4.5% for calendar years 1998 and 1999, and allow for a reduction in the employee's rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the Districts' normal contributions to the Fund may be reduced based on the revaluation of assets. Due to recognition of the bond proceeds and the change in asset valuation method as a result of enactment of Chapters 114 and 115, all unfunded accrued liabilities were eliminated, except for the unfunded liability for local early retirement incentive benefits, accordingly, the pension costs for TPAF and PERS were reduced.

**Notes to the Financial Statements**  
**June 30, 2007**

**NOTE 5: PENSION PLANS (CONTINUED)**

Legislation was passed during the year (P.L. 2001, C.353) that provides for an increase in the special veterans' retirement allowance and the ordinary and accidental disability retirement allowances for members of the TPAF and PERS. The special veterans retirement allowance increased from 50% to 54.5% of the member's compensation during the highest-paid year of service. The minimum ordinary disability retirement allowance increased from 40% to 43.6% of final average compensation, and the accidental disability retirement allowance increased from 66.66% to 72.7% of the actual annual compensation at the time of the accident. Existing retirees and beneficiaries are eligible for the increases, which were effective October 2001.

Chapter 133, Public Law 2001 increased the retirement benefit under service, deferred and early retirement by changing the formula from 1/60 to 1/55 of final compensation for each year of service. This legislation also increased the retirement benefit for veteran members with 35 or more years of service and reduced the age qualification from 60 to 55. Existing retirees and beneficiaries received a comparable percentage increase in their retirement allowances. This benefit enhancement was effective with the November 1, 2001 benefit payments.

Due to the enactment of 1997 legislation, Chapter 114, P.O. 1997 and Chapter 115, P.L. 1997, the State of New Jersey's portion of the unfunded accrued liability under each retirement system was eliminated. In addition, excess valuation assets have been available to fund, in full or in part, the State of New Jersey's normal contribution from 1997 to 2002, excluding the contribution for post-retirement medical benefits in the PERS and TPAF.

**Contribution Requirements** The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for both cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of TPAF. During the year ended June 30, 2002 for TPAF, which is a cost sharing plan with special funding situations, the annual pension costs equals annual required contribution. For PERS, which is a cost sharing multi-employer pension plan, the annual pension costs differs from the annual required contribution due to the enactment of Chapter 114, P.L.1997.

During the fiscal year ended June 30, 2007, the State of New Jersey contributed \$2,539,550.00 to the TPAF for normal and post-retirement benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$1,598,271.57 during the year ended June 30, 2007 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the basic financial statements, and the combining and individual fund statements and schedules as a revenue and expenditure in accordance with GASB 27.

**NOTE 6: POST-RETIREMENT BENEFITS**

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required TPAF and PERS, respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on state disability retirement. As of June 30, 2006, there were 71,719 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with Chapter 62, P.L. 1994. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in fiscal year 1994 with an additional contribution beginning in fiscal year 1996 to maintain a medical reserve by one half of 1% of the active State payroll.

The State made post-retirement (PRM) contributions of \$555.3 million for TPAF and \$211.5 million for PERS in Fiscal Year 2006.

The State is also responsible for the cost attributable to Chapter 126, P.L. 1992, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$100.7 million toward Chapter 126 benefits for 10,777 eligible retired members in Fiscal Year 2006.

**NOTE 7: LITIGATION**

The Board attorney's letter advises that there is no litigation, pending litigation, claims, contingent liabilities, unasserted claims or assessments or statutory violations which involve the Board of Education and which might materially affect the Board's financial position.

**Flemington-Raritan Regional School District**  
**Notes to the Financial Statements**  
**June 30, 2007**

**NOTE 8:     CONTINGENCIES**

The Board receives financial assistance from the State of New Jersey and the U.S. Government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of the funds for eligible purposes. The State and Federal grants received and expended in the 2006-2007 fiscal year were subject to the U.S. OMB A-133 and New Jersey OMB Circular 04-04 which mandates that grant revenues and expenditures be audited in conjunction with the Board's annual audit. Findings and questioned costs, if any, relative to federal and state financial assistance programs will be discussed in the Single Audit Section, Schedule of Findings and Questioned Costs. In addition, all grants and cost reimbursements are subject to financial and compliance audits by the grantors. Further, the School Child Nutrition Program is a recipient of federal reimbursements and is subject to certain related federal regulations. These federal reimbursements are subject to subsequent audit and interpretation by the New Jersey Department of Education. The Board management does not believe any such audit would result in material amounts of disallowed costs.

**NOTE 9:     RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

**Property and Liability Insurance-** The District maintains coverage through the School Alliance Insurance Fund and the Excess Property and Casualty Joint Insurance Fund covering each of those risks of loss. The administration believes such coverage is sufficient to preclude any significant uninsured losses to the District. Settled claims have not exceeded the commercial coverage in any of the past three fiscal years.

**Notes to the Financial Statements**  
**June 30, 2007**

**NOTE 9: RISK MANAGEMENT (CONTINUED)**

**New Jersey Unemployment Compensation Insurance-** The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following table is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current and previous two years:

<u>Fiscal Year</u>		<u>Interest Earnings</u>		<u>Employee Contributions</u>		<u>Amount Reimbursed</u>		<u>Ending Balance</u>

Based on the above calculation \$1,016,560.03 is reported as Reserved Fund Balance Excess Surplus as of June 30, 2007 and is required to be appropriated for property tax relief in the 2008-09 budget.

**NOTE 12: CAPITAL RESERVE ACCOUNT**

A capital reserve account was established by the Flemington-Raritan Regional School District in the amount of \$1.00 in the 2000-2001 school year for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

**Notes to the Financial Statements**  
**June 30, 2007**

**NOTE 12: CAPITAL RESERVE ACCOUNT (CONTINUED)**

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:26-9.1(d)1, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2006 to June 30, 2007 fiscal year is as follows:

Beginning balance, July 1, 2006	\$187,568.00
Interest earnings	8,298.40
Withdrawals -net	21,600.00

Ending balance, June 30, 2007	<u>\$174,266.40</u>

**NOTE 13: INVENTORY**

Inventory in the Food Service Fund at June 30, 2007 consisted of the following:

Food and Supplies	<u>\$25,917.43</u>
-------------------	--------------------

The value of Federal donated commodities as reflected on Schedule A (required by the Single Audit Law of 1984) is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of non-operating revenue in the financial statements.

## PROPRIETARY FUND DETAIL STATEMENTS

Proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the district's board is that the costs of providing goods or services be financed through user charges.

**FOOD SERVICES FUND:**

This fund provides for the operation of food services within the school district.

NJSA 18A:7F-5d limits the amount that the district can submit for a general fund tax levy. The levy when added to other components of the district's net budget may not exceed the prebudget year net budget by more than the spending growth limitation calculated as follows: the prebudget year net budget increased by the cost of living or 2.5 percent, whichever is greater, plus any spending growth adjustments.

(a) The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the Net valuation taxable

(b) Rates for debt service are based on each year's requirements.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the district. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

(a) For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND  
OTHER MATTERS BASED ON AN AUDIT OF BASIC FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS

Honorable President and Members  
of the Board of Education  
Flemington-Raritan Regional School District  
County of Hunterdon  
Flemington, New Jersey 08822

We have audited the basic financial statements of the Flemington-Raritan Regional School District, County of Hunterdon, New Jersey as of and for the fiscal year ended June 30, 2007, and have issued our report thereon dated October 8, 2007. We conducted our audit in accordance with U.S. generally accepted auditing standards, audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Flemington-Raritan Regional School District, County of Hunterdon, New Jersey internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the basic financial statements but not for the purpose of expressing an opinion on the effectiveness of the Flemington-Raritan Regional School District, County of Hunterdon internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Flemington-Raritan Regional, County of Hunterdon's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is a more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

## SUPLEE, CLOONEY & COMPANY

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was limited for the purposes described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Flemington-Raritan Regional School District's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of basic financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended for the information of the Flemington-Raritan Regional School District, County of Hunterdon, New Jersey, the New Jersey State Department of Education and federal and state audit awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE  
WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL  
AND STATE FINANCIAL ASSISTANCE PROGRAM AND ON  
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE  
WITH OMB CIRCULAR A -133 AND NEW JERSEY OMB CIRCULAR 04-04

Honorable President and Members  
of the Board of Education  
Flemington-Raritan Regional School District  
County of Hunterdon  
Flemington, New Jersey 08822

## Compliance

We have audited the compliance of the Flemington-Raritan Regional School District with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* and the New Jersey State Grant Compliance Supplement that are applicable to each of its major federal and state programs for the year ended June 30, 2007. Flemington-Raritan Regional School District's major federal and state programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs is the responsibility of Flemington-Raritan Regional School District's management. Our responsibility is to express an opinion on Flemington-Raritan Regional School District's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, audit requirements prescribed by the Division of Finance, Department of Education, State of New Jersey and the provisions of U.S. Office of Management and Budget (OMB) Circular A-133 "Audits of States, Local Governments and Non-Profit Organizations" and State of New Jersey OMB Circular 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid." Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the Flemington-Raritan Regional School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Flemington-Raritan Regional School District's compliance with those requirements.

## SUPLEE, CLOONEY & COMPANY

In our opinion, the Flemington-Raritan Regional School District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal and state programs for the year ended June 30, 2007.

### Internal Control Over Compliance

The management of the Flemington-Raritan Regional School District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the Flemington-Raritan Regional School District's internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on the effectiveness of internal control over compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Flemington-Raritan Regional School District's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal and state program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal and state program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information of the Flemington-Raritan Regional School District, County of Hunterdon, New Jersey, the New Jersey State Department of Education, and federal and state audit awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

Flemington-Raritan Regional School District  
Notes to the Schedules of Expenditures of Awards and Financial Assistance  
Year Ended June 30, 2007

NOTE 1. GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance present the activity of all federal and state financial assistance programs of the Board of Education, Flemington-Raritan Regional School District. The Board of Education is defined in Note 1 to the District's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedules of expenditures of federal awards and state financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 of the District's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedule (RSI) are presented for the general fund and special revenue fund to demonstrate finance-regulated legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to *N.J.S.A. 18A:22-44.2*. For GAAP purposes that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognized encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the last state aid payment in the current budget year, consistent with *N.J.S.A. 18A:22-44.2*.

Flemington-Raritan Regional School District  
Notes to the Schedules of Expenditure of Awards and Financial Assistance  
Year Ended June 30, 2007

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS (CONTINUED)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$2,008.00 for the general fund and (\$19,774.66) for the special revenue fund. See the notes to the required supplementary information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented below:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$	\$ 10,866,525.46	\$ 10,866,525.46
Special Revenue Fund	916,310.53	77,371.88	993,682.41
